Artists and Architects share a common objective to produce proposals for revitalization of this industrial complex. Proposals are presented through models, drawings, and paintings. The competition was part of MONUMENT REDEFINED, an international exhibition of contemporary monuments, held in Brooklyn, New York through Sept.-Oct. of 1982. Gowanus Canal Redefined was originally organized and conceived by Frank Shifreen and Scott Siken of the Gowanus Memorial Artyard. Special thanks to Salvatore Scotto, and James Albano of Gowanus Canal Community Development Corp.

ARCHITECTURAL COMPETITION      \$1,000 AWARD

In conjunction with THE MONUMENT REDEFINED: Gowanus Annual II, we are sponsoring an architectural competition for designs for the entire Gowanus Canal area of Brooklyn. Such designs may include pictorial, verbal and/or model presentations for new recreational, residential and industrial use. Topographical and schematic maps are included with this letter and further copies are available for individuals. There will be a \$1,000 prize for the best design as judged by a panel of architects and civic leaders. The competition is being presented by the Gowanus Memorial Artyard and sponsored by the Brooklyn Arts and Culture Association, the Gowanus Canal Community Development Corporation and the Carroll Gardens Association.

The Gowanus Canal is currently a deteriorating industrial area located between prosperous and semi-prosperous residential communities. Potentially, the area includes a sea-water canal with a recirculating propeller-operated viaduct, open park spaces and convertible, under-used factory buildings. This is a prime piece of near-Manhattan land with strong, mixed communities and public transportation nearby. THE MONUMENT REDEFINED/THE GOWANUS CANAL REDEFINED is conceptually committed to an artists' renaissance of living and working areas, which will include and become a monument to our times through the interaction of artists' works and community inspiration, involvement and enjoyment.
